MCCOMB, HURST & CO. Their New Building.

The new building on the lower part of Franklin street is rapidly approaching completion. Its front on Franklin street, imposing as it is, gives but a faint conception of to one method of gratification. It people, with a banjoist whom we to-day, Saturday, in this city, to its extent as realized when its interior is inspected. Still that front is well worthy of notice. It is a three- consequence of the limited resources derful evolutions on an elevated story structure of 28 feet width, the of the institution, so little has been platform only a few inches square, lower portion of which is constructed of iron castings, and the upper of Its general style is much more sim- which adorn other schools of learn- had Mr. Tannehil in David Crockpressed brick, with stone facings. ple and severe than some of the ing more favored in the means need- ett, an admirable character actor. floridly decorated outldings which ful to this object. While the citi- supported by Miss Eula Talbot, who were put up immediately after the war, and, for that reason is in the past much for the university to justify any folly in Davy or anywar, and, for that reason, is in sounder esthetic taste. Nothing is concealed with stucco, but every material is made to show itself as it for carrying out the great purposes made her first appearance in Ernest tomers, will grind them in our iron as iron. It towers high above the two and three-story buildings adjoining, two of its stories being nearly equal in elevation to three in the adjacent buildings. One feature should be noticed in connection with this front, and that is that an area of four feet width has been excavated along the whole front, so as to give air and light to the cellar beneath, a great advantage as security against damp. Now let us enter. The principal sales-room is an apartment of splen-

did proportions, being 176 feet long, 28 feet wide and 161 feet high. It has an elevator in front and in rear, a plan is on foot to furnish our audia visit to her mother, Mrs. A. M. Warfield of each working from the cellar to the upper story. That in the rear is for receiving goods, that in front for shipping them, and the whole establishment is arranged in conformity counting-room in the rear for book- a series of entertainments for the selected to play with the great Italkeeper and the receiving business, Mr. D. Kincannon left a few days ago for the east to purchase a stock of hardware, another in front for the shipping campus, by newly sodding the The provisions against fire on this

Farm For Sale! 5 Farms for Sale.

THE POSTON PARM, containing 100% acres, and situated on the South bank of the Cumberland river, immediately opposite Clarisville. The farm will first be offered in two tracts, as divided by the railiroad and then as the whole; the way in which the largest amount of money is realized for the entire property will be accepted. Tract No, 1 lies between the milroad and the river, contains 61% acres, about two thirds of which is fine Cumberland river bottom land, and yields largely in hay, corn or any other products of this state.

Tract No, 2 lies South of the railroad, contains 35 acres of up lands most of which is fresh and produces well. Either tract would make a fine market garden. No better opportunity will be offered to buy a small farm and a good home. Both tracts have houses on them.

TERMS—8000 cash, balance in 1 and 2
